

**BLEND  
HOME**  
FURNISHINGS  
**2020**

Hello & Welcome,

Blend Home is a to the trade only manufacturer. We use traditionally experienced craftsmen to build every piece of furniture in the USA.

Our program is simple. Every piece of furniture is made to order to our customers' specific dimensions and specifications. Changes are always welcome and encouraged for uniqueness.

We ship all our products from Tennessee.

To place an order, you must submit a business resale license with your first order or quote request.

## WALL MOUNTED PANEL ASSEMBLY INSTRUCTIONS

1. For a single panel, skip to step two. For multiple upholstered panels, locate the mending bracket attached to the back of the panels. Next, secure the mending brackets into the pre-drilled holes on the back of the panels to create one cohesive upholstered panel unit.

2. Measure the exact location of where the panels will be mounted on the wall. Next, locate the studs in the wall.

3. Measure the placement of the wall z-clips. It is recommended to mount most wall z-clips to studs for extra support.

4. All z-clips attached to back of panel can be relocated to line up with the corresponding wall z-clip replacement.

5. Lastly, slide the upholstered panel onto the wall to interlock the two z-clips.

## BED ASSEMBLY INSTRUCTIONS

1. Attach the side to the end rails and/or upholstered headboard.

2. Follow the instructions included in the metal bed support kit. The support package contains three support slats and six adjustable legs.

3. Once assembled, place the three metal supports across the width of the bed frame approximately 24" apart.

4. When the metal support slats are in place, drill the metal slats to the inside ledge of the bed rails.

5. Lastly, place the two part upholstered wooden base or box spring on top of the metal support slats.

## ORDERING A CUSTOM HEADBOARD AND BED

Things to think about when designing your bed

1. Overall Headboard Width Dimension and Placement
2. Overall Headboard Height Dimension and Placement
3. Overall Wall Dimensions
4. Maximum Panel Size for Installation
5. Number of Panels
6. Cutouts for Electrical Outlets or Switches
7. Cutouts for Lights or Floating Night Stands
8. C.O.M or Blend Textile Direction
9. Leg Style and Finish
10. Baseboards and Crown Molding
11. Desired Finish Mattress Height
12. Band Width Design

*Easy Steps  
Provide Any Inspiration  
or Bed Style*

## BLEND BED AND HEADBOARD SIZE GUIDE

- A. Blend Standard Wall Mounted Headboards range from 1.25" - 3" in Depth.
- B. Blend Standard Freestanding Headboards range from 4" - 6" in Depth.
- C. Blend Standard Bed Rails measure between 3" - 4" wider than mattress.

California King  
72" (W) x 84" (L)

Eastern King  
76" (W) x 80" (L)

Queen  
60" (W) x 80" (L)

Full  
54" (W) x 75" (L)

Twin  
39" (W) x 75" (L)

Twin  
X-Long  
39" (W) x 80" (L)

## FIELD MEASUREMENT GUIDE

*If you would like to book a field measurement for a current or upcoming project, please contact Blend Home Furnishings Customer Service to assist in connecting you to one of our partner affiliates in your area.*

When measuring for a wall to wall or floor to ceiling Blend Home Furnishings Wall Mounted Upholstered Panels consider the following.

- Height of Base Board
- Height of Crown Molding
- Any electrical outlets or switches

When measuring electrical outlets and/or switches for panel cutouts, begin measurements from the outside edge of face to plate.

When deciding size of individual panels, consider the doorway openings, stairs, hallways and/or diagonal elevator space at the installation location.

If you would like Blend Home Furnishings to produce a Production Drawing there will be an additional fee of \$50.

## BLEND DELIVERY GUIDE

Does the installation location require Certificate of Liability Insurance to access delivery location?

If delivering directly to a residence, is there a dock for receiving? If not, there will be the additional cost of a liftgate to the freight fee.
